

# PUBLIC OPEN HOUSE

## Proposed Wind Energy Project

Algonquin Power Co. is holding the second open house regarding Algonquin's 200 megawatt (MW) proposed wind power facility near Hodgeville, SK. This open house will provide preliminary project information regarding project planning and development activities, as well as a chance for the public to meet the project team. This project is being submitted into SaskPower's RFP initiative.

Please join Algonquin to learn more about the progress of the wind facility development.

**PLACE:** Herbert Lions Hall  
Railway Avenue  
Herbert, SK S0H 2A0
